

For those who are evacuated from Ukraine  to Japan  and wish to receive medical care

You need to get enrolled in the National Health Insurance in case of illness or injury

Please get enrolled in the National Health Insurance to ensure that you can receive medical care in case of illness or injury at ease.

You need to get enrolled in the National Health Insurance after registering as a resident in your municipality.

Accessible benefits

- ❑ Please show **your insurance card** at a hospital counter when you see a doctor for illness or injury
- ❑ You only **pay 30%** of your medical expenses and they will take care of your illness or injury
- ※ You pay **20%** of the expenses if an insured is a preschool infant under 6 years old

※ Those aged 40 years or older are also covered by the Long-Term Care Insurance. If needed, they can receive long-term care services by paying only 10% of the long-term care expenses.

※ Those aged 75 years or older need to get enrolled in the Medical Care System for the Elderly aged 75 and over.

- Please pay premiums by the deadline of the notice you receive from your municipality.
- Please ask the municipal office for more details.
- If you have a family member or a friend who can speak Japanese, please come with him/her as much as possible.
