

Scan the 2D code to access interpretation service.

There is an interpretation service where foreign residents can ask for advice in various languages scanning a 2D code with their smartphone or other device.

How to use

Use that service scanning a 2D code at the counter desk with your smartphone or other device and selecting the language.

Available Day and Time

The service could be offered when the office is open Monday to Friday, and Sunday 8:30 a.m. to 5:00 p.m. On Wednesday, the service is being offered at a part of the counter till 7:00 p.m.

Available Languages

English, Chinese, Korean, Portuguese, Spanish, Vietnamese, Tagalog, Nepalese, Indonesian, Russian, Hindu and French.

Consultation staying at home

Interpretation can be used in two ways.

- ① Scan the 2D code with your smartphone or other device and select your language.

- ② Search the link online and choose the language you want to use.
